HELP WANTED-MALE YOUNG MEN

There's small hope of developing in a business with restricted
possibilities. Don't waste time
with shallow opportunities.
Investigate the dimensions of
an occupation and if its limits are
evident, don't waste your youth
and citality at a handicap.
Some work, in contrast with
oth a situations, pays a bigger
initial wage but holds out slight
prospects of promotion. Salary
advances, after a while, are only
to be secured with the raise in
living costs. Increases of that
sort aren't artual—the net continues to be the same.

It's a poorly chosen road that
does not widen as it lengthens.
We have openings for two young

TALKS TO YOUNG WOMEN NUMBER 49

Bloom as a rose.

It is in this connection that I wish to emphasize the fact that rood air, sanitary surroundings, wholesome food and sufficient exertises with regular rest periods, are very -ssential to the development of this coveted beauty. They are the ingredients of a beauty potion far more effective than any druggist's cosmetic or the costly service of the so called "beauty doctor." And if in addition to these, the mind be atimused by a congenial employment is keeps the wits awake and constity active, to the rosy cheek here will be added bright eyes and lice changeful expression which forms so large a part of every beautiful girl's charm.

Now, when you realize hew much

For their time is spent in clean, well-well-well and the creature comforts provided, and under a mosy admirable system of supervision and training that is of itself of great future value. But instead of paying out money for this instruction, the girls earn a livelihood while at the same time developing both mind and body.
